8th March 2019

Dear Parent/Carer,

The report following the recent Ofsted inspection of Huntcliff School has been published and can be accessed via the school website.

The report, whilst grading the overall effectiveness of the school as "Requires Improvement", does identify many strengths and positives about the school, most notably Leadership and Management and the provision for pupils' personal development and welfare. The report recognises that leaders at all levels have taken effective action to improve the quality of teaching, learning and assessment, also that pupils' progress is improving.

It is important to note that the latest inspection was conducted using a different framework to the one used previously and therefore a like for like comparison cannot readily be made. This said, the report provides an accurate indication of where we believe the school is currently with regards to its improvement journey.

Should you wish to discuss the report further, please feel free to contact me at school.

Yours sincerely

Patrick Daley
Headteacher
