

# How Modern Foreign Languages at Huntcliff School prepares students for life in modern Britain

We aim for our students to:

## **Ensure our students are valuable employees**

Learning a language is beneficial to the company you work for in a Britain aiming to increase its business links with Europe and the rest of the world UK Companies lose out on billions of pounds a year as their employees can't speak a foreign language.

## **Understand language**

Learning a language helps to gain a better understanding of how your own language works.

It can improve your knowledge of grammar and spelling as well as your vocabulary knowledge.

## **Embrace other cultures**

You learn how other cultures live, about their daily lives and festivals and traditions which give you a greater understanding of an increasingly multi-cultural modern Britain.
