

**Huntcliff School**  
An Academy for Success

# **Career Day Workshops**

**5th March 2020**

*What will your choice be?  
Be inspired....*

# Career Day 5th March 2020

---

We are very proud of our careers programme at Huntcliff and we believe it gives you all the necessary information to support you in making informed decisions for post 16 education, employment or training.

On the 5th March, you have a fantastic opportunity to immerse yourself in careers workshops led by a number of guest employers and organisations and chance to find out more about potential future careers.

I hope you will select activities which will inspire you and open your eyes to the endless possibilities in the future, and that you will ask lots of interesting questions to the guests during the day.

Remember it is a small world and you may find yourself crossing paths with some of these guests again in the future, so leave them with a lasting impression of how enthusiastic and interested you are in the world of work.

Now select workshops for the day and we will try to accommodate your choices.

**Titan II STEM Truck.:** Embark on a journey through the main steps of a product life cycle—design, prototype, build, maintain, protect. Use the touch screen to navigate the design spark features, 3D printing, (screen driven by Raspberry Pi); try the retro games controllers. Explore a range of products from technology companies; configure the robotic arm; take a virtual tour or play the ‘Crazy Crates’ game using VR.; experience in 3D how wearing a safety harness can save your life. A brilliant experience for all.

|---|---|---|----|----|
| 7   | 8 | 9 | 10 | 11 |
| <b>All Y8 will have a session in the truck but there will be one session available for other years.</b> |   |   |    |    |

future automation

**Future Automation- mechanical assembly activity:** This engineering company manufactures a comprehensive range of lift mechanisms, wall mounts, projector mounts and drops, moving panel mechanisms, ceiling mounts and drops, and floor / table mounts that can be integrated into AV installations. They will give you an overview of how a product is taken from concept sketch through to finished working item. You will get to understand the many roles on offer within an engineering company and will take part in an assembly exercise, putting a product together to see the finished article. Ideal for budding mechanical engineers.

|--|---|----|----|
|  | 9 | 10 | 11 |
| <b>Workshop groups of 10 students. 2x2hr sessions.</b> |   |    |    |

**Finance 4 Kids:** This workshop uses a game to introduce ideas and concepts such as expenses, fixed and variable costs, payments and deposits, savings, basis of budgets, assets and liabilities and investments and passive income. An introduction to careers such as accountancy for those interested in money and maths!

|                                |   |   |    |    |
|--------------------------------|---|---|----|----|
| 7                              | 8 | 9 | 10 | 11 |
| <b>Open to all year groups</b> |   |   |    |    |

**What do Psychologists REALLY do? Helen Creasy, Chartered Psychologist:** From I'm A Celebrity to the Metropolitan Police - how Psychologists use personality, behaviour and aptitude tests for recruitment, personal development and team development.

|   |   |   |    |    |
|---|---|---|----|----|
| 7   | 8 | 9 | 10 | 11 |
| <b>Minimum of 6 people. Maximum of 30. 2 hour session</b> |   |   |    |    |

**RAF STEM MTa:** A practical exercise involving building towers, crossing ravines and racing wheelbarrows out of various tubing to help promote ‘out of the box’ thinking and teamwork. If you are more of a hands on person and want to get a taste of what you can offer the RAF then sign up for a fun session designed to be highly interactive.

|  |   |    |    |
|--|---|----|----|
|  | 9 | 10 | 11 |
|  |   |    |    |

**From Crime Scene to Courtroom:** This practical and interactive day starts off with a 999 call directly from the scene of an alleged murder and students then are fed information, evidence, intelligence and forensic science results and have to commit to a series of decisions and actions that take them through an intensive investigation. Our experienced team of investigators, all with real life experience of murder investigation and complimentary legal, criminology or investigative degrees, help the students apply theory into practice through a range of practical exercises to steer them towards an inevitable mock crown court trial.

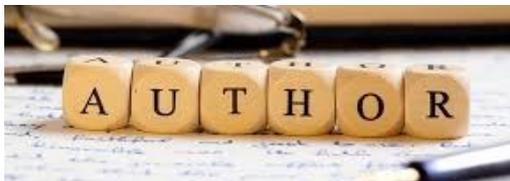

|  |   |   |    |    |
|--|---|---|----|----|
|  | 8 | 9 | 10 | 11 |
| <b>Up to 30 students for the full day.</b> |   |   |    |    |

James Jewel Design

**From beauty to behind-the-scenes** This lecture-demonstration will cover careers in makeup. James (professional Makeup Artist of James Jewel Design) will be covering the vast range of career routes possible in relation to working with makeup, including possible training routes, the different industries and how they work, and the differences in working in a salon or studio and being freelance/self-employed. A brief demonstration of dramatic eye makeup will also be given.

|                       |   |   |    |    |
|-----------------------|---|---|----|----|
| 7                     | 8 | 9 | 10 | 11 |
| <b>1 hr sessions.</b> |   |   |    |    |

**Anjali Wierney — Professional Writing lecturer and published author** She will talk about careers in writing generally and will get the students doing some writing themselves as part of the workshop.

|                         |   |   |    |    |
|-------------------------|---|---|----|----|
| 7                       | 8 | 9 | 10 | 11 |
| <b>9.05 until 10.05</b> |   |   |    |    |

**Big Trak** - a programmable electric vehicle. Various commands can be given, such as: "go forward 5 lengths", "pause", etc. There is also a "repeat" instruction allowing a simple loop to be performed. If you are interested in programming, electronics or robotics, this could be the session for you.

|  |   |   |  |
|--|---|---|--|
| 7  | 8 | 9 |  |
| <b>Groups of 6. 5 x 1 hour sessions in a large classroom</b> |   |   |  |

**DNA Extraction** - a scientific activity extracting DNA from bananas and strawberries. A great activity for those interested in biology or a possible career in forensics.

|                      |   |    |    |
|----------------------|---|----|----|
|                      | 9 | 10 | 11 |
| <b>1 hr sessions</b> |   |    |    |

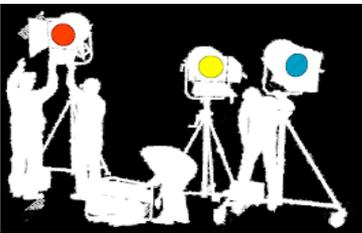

**SAS - motivational talk by Paul Hughes** This session would suit those interested in careers in the armed forces, but also those who would like to build up their confidence. An exercise in the psychology of motivation which would also suit those interested in how our minds work and see how a Special Forces mindset can help you in your career.

|   |   |    |    |
|---|---|----|----|
|   | 9 | 10 | 11 |
| <b>1 hr sessions. Year 8 have already done this. PM</b> |   |    |    |

**Let's Podcast**– Gogglebox star Baasit Siddiqui explains how podcasts can be used in education and business. Students will script their own ideas for a podcast and will be able to edit a podcast themselves. A choice for those interested in careers in the media.

|  |   |    |    |
|--|---|----|----|
|  | 9 | 10 | 11 |
| <b>1 hr sessions. Periods 3, 4 and 5. 15 students.</b> |   |    |    |

**John Foreman - Behind the Scenes** – John spent a few years as the Senior Sound Technician for Butlins in Skegness and was Front of House Sound for "Reds" a 2000 head venue, as well as occasionally standing in for the Stage Manager. He will give a presentation including a Q&A session for any students thinking of a career in the entertainment industry as technicians, stage crew, or hosts (ie Red Coats etc)

|                       |   |   |    |    |
|-----------------------|---|---|----|----|
| 7                     | 8 | 9 | 10 | 11 |
| <b>1 hr sessions.</b> |   |   |    |    |

**Life as a Lawyer** – Alastair Redfern is a litigation solicitor described by the U.K. Legal 500 as 'exemplary, knowledgeable and compassionate'. He is a former General Counsel for a global luxury car brand and has dealt with cases nationally and internationally ranging from commercial disputes to global organised crime. Find out what life in the law is really like from a senior litigation solicitor. From the serious organised crime to disputes over otters, the law can be an interesting and varied career.

|                               |   |    |    |
|-------------------------------|---|----|----|
|                               | 9 | 10 | 11 |
| <b>1 hr sessions. AM only</b> |   |    |    |

**Alastair Redfern's Public Speaking Workshop** – Do you think you can't speak in public? You're wrong! Learn how to become a top public speaker from lawyer Alastair Redfern, a guy who wasn't the most confident kid in the class. It's much easier than you think.

|                               |   |   |    |    |
|-------------------------------|---|---|----|----|
| 7                             | 8 | 9 | 10 | 11 |
| <b>1 hr sessions. PM only</b> |   |   |    |    |

**Overcoming Stage Fright** - Andy Thomas-Downes's presentation is about Stage Fright/Performance Anxiety and ways to overcome this. Perfect for musicians or performing artists, dancers etc. For those attending interviews for jobs, colleges or anything else- this can help too.

|               |   |   |    |    |
|---------------|---|---|----|----|
| 7             | 8 | 9 | 10 | 11 |
| 1 hr sessions |   |   |    |    |

**RAF Leadership and Teamwork** - Develop the employability skills of leadership and teamwork by taking part in these activities organised by the RAF. Try building towers with spaghetti and marshmallows. Do some problem solving and critical thinking with your teammates and think the way a member of the RAF needs to.

|               |   |  |
|---------------|---|--|
| 7             | 8 |  |
| 1 hr sessions |   |  |

**Singleton Birch** - Interested in Chemistry? Singleton Birch Ltd is the UK's leading independent lime supplier, celebrating more than 200 years since the company was founded. Over these two centuries and more they have established themselves as the UK's leading independent lime supplier and have built an exceptional reputation for quality and service. Come and join them in the lab to do some chemical research on their products.

|               |   |   |    |    |
|---------------|---|---|----|----|
| 7             | 8 | 9 | 10 | 11 |
| 1 hr sessions |   |   |    |    |

**The Panjango Game** - Do you enjoy board games and card games? Challenge your friends to the Panjango Game or Panjango Trumps and learn about different careers in the process. A fun way to develop your understanding of the world of work and the job market.

|               |   |   |    |    |
|---------------|---|---|----|----|
| 7             | 8 | 9 | 10 | 11 |
| 1 hr sessions |   |   |    |    |

**CHEMICAL ENGINEERING**

**Chemical engineers** use their maths and science knowledge to create & develop processes to produce, change or transport products and materials. Investigating problems and designing engineering solutions is the core of what a chemical engineer does, incorporating safety, efficiency and sustainability into new or existing industrial processes. A key focus of a chemical engineer is the reduction of waste & pollution, to achieve a sustainable planet and protect people & the environment. Come to this session to discover different aspects of ChemEng, thinking about Process Safety and Process Functions and investigating various process equipment (Pumps, Valves, Sensors Etc).

|                        |   |   |    |    |
|------------------------|---|---|----|----|
| 7                      | 8 | 9 | 10 | 11 |
| 1 hr sessions. PM only |   |   |    |    |

**Impartial Careers Advice** - Do you still have no idea which direction to take in your future? Do you need some help to guide you onto the right pathway? Let Ruth, our Careers Adviser, point you towards some suggestions that can help you on your way to a career that will suit you, your skills and your interests.

|                      |   |   |    |    |
|----------------------|---|---|----|----|
| 7                    | 8 | 9 | 10 | 11 |
| <b>1 hr sessions</b> |   |   |    |    |

**Animal Behaviour** - Are you interested in animal behaviour? Do you want to know how to train your dog, or how you could be training your dog without realising it? Learn who Pavlov was and why animal behaviourists still use his ideas today. There will be a real dog to observe, demonstrating training techniques and, no doubt, showing absolute obedience!

|  |   |   |    |    |
|--|---|---|----|----|
| 7  | 8 | 9 | 10 | 11 |
| <b>1 hr sessions. Lessons 1, 4 and 5</b> |   |   |    |    |

**Veterinary Nursing** - Are you interested in the pathway to a career working with animals, in particular becoming a veterinary nurse? Learn from veterinary nurse Hannah Parker what the day to day job entails and the skills you need to have. Learn about the basics of identifying health and ill health and the basics of animal first aid.

|  |   |   |    |    |
|--|---|---|----|----|
| 7                                      | 8 | 9 | 10 | 11 |
| <b>1 hr sessions. Lessons 2 and 3.</b> |   |   |    |    |

**Dance Workshop** - If you love to dance, it can take you to loads of places. You might want to be a performer, a teacher, a choreographer, or just have a creative outlet for all your energy. Bring your dance gear and get physical in this dance workshop provided by students from North Lindsey College and find out what courses they offer for people with your interests.

|                                |   |   |    |    |
|--------------------------------|---|---|----|----|
| 7                              | 8 | 9 | 10 | 11 |
| <b>1 hr sessions. PM only.</b> |   |   |    |    |

**Assessment Centre Experience** - Many companies are now relying upon an assessment day to find the people who possess the right skills and qualities they are looking for in the workplace. Come and experience some exercises which are typical on these occasions so you know what to expect when the real day comes along.

|  |   |    |    |
|--|---|----|----|
|  | 9 | 10 | 11 |
| <b>1 hr sessions. Suit older students.</b> |   |    |    |

**Medicine—Dr Clare Hambling** - It takes upwards of ten years to train as a doctor regardless of which field you decide to specialise in. Come and join a nationally recognised GP and Physician who is also an expert in diabetes. Take part in a practical workshop, listen through a stethoscope to a heart beat and get inspired as you learn more about the human body.

|                      |   |   |    |    |
|----------------------|---|---|----|----|
| 7                    | 8 | 9 | 10 | 11 |
| <b>1 hr sessions</b> |   |   |    |    |

**Maths Masterclass** - The Advanced Maths Support Partnership (AMSP) will be delivering an exciting session demonstrating surprising career outcomes that maths can lead to. Learn how Maths cleared a murderer and how a local man that you may not even know created the maths needed for your phone to work!

|                               |   |    |    |
|-------------------------------|---|----|----|
|                               | 9 | 10 | 11 |
| <b>1 hr sessions. AM only</b> |   |    |    |

**Motor Vehicles and Racing** your thing? - Come and take a tour round a racing Kart and learn what goes into a successful racing vehicle, and how you can make a business out of it!

|  |   |   |    |    |
|--|---|---|----|----|
| 7  | 8 | 9 | 10 | 11 |
| <b>1 hr sessions. Up to 12 students at a time.</b> |   |   |    |    |

**Film Making Workshop** - Come and learn about the art of Film making and where Film study can take you in your future careers. This practical and creative session will involve you thinking and working like a professional filmmaker. Film and Television are one of Britain's most successful industries. The technical, academic and creative skills you learn on Film courses are transferable to many other industries and careers, too.

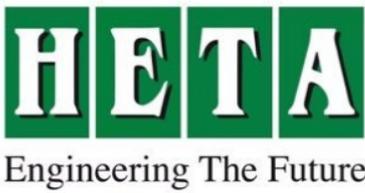

|  |   |    |    |
|--|---|----|----|
|  | 9 | 10 | 11 |
| <b>1 hr sessions. Periods 2 - 4 only. 10 students max.</b> |   |    |    |

**Robotics and Programming Workshop** - Programme robots and see what you can make them do. If a career in programming or robotics is something that interests you, come and have a go and find out if you have the skills that would make you a suitable candidate for this exciting field of work.

|   |   |    |    |
|---|---|----|----|
|   | 9 | 10 | 11 |
| <b>1 hr sessions. Periods 2 - 4 only. 9 students max.</b> |   |    |    |

**HETA** - Come and join Adam Wilson an Engineer for Heta and Josh Sweeting an ex-Huntcliff student and apprentice to find out all about the engineering apprenticeships. You will get the opportunity to see some of the work involved. A great chance to find out more from a real apprentice for engineering.

|                      |   |   |    |    |
|----------------------|---|---|----|----|
| 7                    | 8 | 9 | 10 | 11 |
| <b>1 hr sessions</b> |   |   |    |    |

**Rainbow Trout Film Director** - Interested in how to produce film, TV and videos for corporate business? Come and meet James Mellor. Enjoy his latest private screening of The Inflight Food Trip Series. Ask James about his experiences of filming in Harry Potter, Love Actually, The Rocket Man and take the opportunity to ask questions about the industry.

|                     |   |   |    |    |
|---------------------|---|---|----|----|
| 7                   | 8 | 9 | 10 | 11 |
| <b>1 hr session</b> |   |   |    |    |

**Ambulance Services** - Come and meet Rob Salmon an ex-student who works for the Ambulance Service. Rob will talk through his career path, explain what it is like to work for the service and when and when not to call an ambulance. He will take you through the equipment on the ambulance and include re-start a heart. There may be opportunity to work on life like dummies with terrible injuries so this is not for the feint-hearted.

|   |   |   |    |    |
|---|---|---|----|----|
| 7                                       | 8 | 9 | 10 | 11 |
| <b>2 x 2hr sessions (8-10 students)</b> |   |   |    |    |

Lincolnshire  
Police

**Lincolnshire Police** - Interested in working in the Police Force? Come and find out all about potential careers in the Police from a serving officer. Try some of the equipment and read someone their rights! A great opportunity to find out more about a crucial career.

|                     |   |   |    |    |
|---------------------|---|---|----|----|
| 7                   | 8 | 9 | 10 | 11 |
| <b>1 hr session</b> |   |   |    |    |

**NLC Catering** - do you fancy a career with food? Love chocolate? Then come and learn how it's done with Cameron Glevery. Cam will show you how to pipe chocolate, do chocolate garnish and present to a fabulous standard. A must for chocoholics!

|                              |   |   |  |
|------------------------------|---|---|--|
| 7                            | 8 | 9 |  |
| <b>2 hr session (max 15)</b> |   |   |  |

**Catering** - come and take part in a two hour practical session on patisserie or desert making from North Lindsey College's very own Cam Glevary who has been a Head Pastry Chef for a large hotel group. A masterclass not to be missed.

HOSPITALITY & CATERING

|                              |    |    |
|------------------------------|----|----|
|                              | 10 | 11 |
| <b>2 hr session (max 15)</b> |    |    |

www.northlincs.gov.uk

**North Lincs Council** - Do you fancy a job with the council? Apprenticeships available and lots of departments in a very stable job sector with potential to move anywhere in the country. Come and find out what's available and you might just land yourself an interview and apprenticeship or work experience (travel included). A brilliant information gathering workshop.

|                                |   |    |    |
