

Huntcliff School Summer School 2021 - Statement

In summer 2021 we held our Year 6 transitions summer school.

All students who had been allocated a place at Huntcliff in September were offered a place and we had a fantastic uptake of an average 65 students a day.

The sessions ran Monday to Thursday and were staffed by teachers, pastoral staff, support staff and first aiders who welcomed pupils to our school.

There were a variety of activities for young people to sample during the week. There were subjected linked activities including English, Art, Drama, Science, Cooking and Physical Education which gave pupils a taste of lessons at Huntcliff.

There were also team building and fun activities such as crafts, colour run and treasure hunts.

To finish the summer school on a high all students went on a trip to our local zoo where we were toured and given an opportunity to explore.

Wages	8168.37
