### **Year 11 Post 16 Information**

All year 11's who have not completed a college/apprenticeship application will have the chance to do so w/c 31<sup>st</sup> January. We are running sessions throughout the week to support the students with this process. Our Careers Officer and representatives from the local colleges will also be on hand to offer any advice and support needed.

Please find links below to lists of courses offered at the most popular post-16 education providers in the area. There are more providers than those listed, but these are the ones that the majority of Huntcliff pupils generally apply to. As the application sessions will take place in school soon, it would be a good idea to check out everything that is on offer so that students are ready to apply and have found out the information they need.
