Colour wheel

Primary colours are the three main colours. They cannot be made, but are used to make all other colours.
Secondary colours are made by mixing two primary colours.
Tertiary colours are made by mixing a primary and a secondary colour together.
Complementary colours are next to each other on the colour wheel.
Tint – when you add white to a colour to make it lighter
Shade – when you add black to a colour to make it darker.

Artist research – key points

- Background information
- Where did the artist get their inspiration from?
- How did the artist use the formal elements? (see keywords)
- what meanings are being communicated in the painting?
- What is your personal opinion on the artist's artwork?

Mastering your skills – top tips

- Think about the composition of your sketchbook – fill every page
- **Sketch lightly** construction lines to show shape and form before pressing down harder with your pencil (lighter lines are easier to rub out!)
- Practise drawing different jungle animals, birds, insects etc – You Tube is great source for step by step tutorials.
- Use a small paintbrush for detailed areas of your painting and build up the colours from the lightest to the darkest.
