Subject	How to prepare at home
English	<p>Please review your learning for English Language Paper 1 questions. Your exercise book will be great for this.</p> <p>Q1 – List 4 things about.... Q2 – How does the writer use language to describe....? Q3 – How does the writer structure the text to interest the reader...? Q4 – A student having read this section of the text said, “.....” To what extent do you agree? Q5 – Narrative and Descriptive tasks.</p> <p>Then, please go on You Tube and search for AQA paper 1 question 1 / question 2 / question 3 etc. Make a mind map for each question based upon what you learn and bring them to lesson after half term.</p>
Mathematics	<p>Please review the topics we have studied so far this year on Mathswatch. You have a password, but if you need to reset it, please email MJennings@huntcliffschool.co.uk</p> <p>Then, complete the revision tasks that have been set for you on each paper.</p> <p>An alternative website is MathsGenie.co.uk (no login required); GCSE Revision section.</p>
Science; Biology, Chemistry, Physics	<p>Please use your revision guides and access Seneca Science. We will focus on Biology Paper 1, Chemistry Paper 1 and Physics Paper 1. Please revise the following topics; Biology topics 1–4: Cell Biology; Organisation; Infection and response and Bioenergetics. Chemistry topics 8–12: Atomic structure and the periodic table; Bonding, structure, and the properties of matter; Quantitative chemistry; Chemical changes and Energy changes. Physics topics 18–21: Energy; Electricity; Particle model of matter and Atomic structure.</p> <p>Instructions for Seneca account holders:</p> <ul style="list-style-type: none"> • Log into senecalearning.com using your school email and password • If you can't remember your password click "forgot my password" and you will be sent a new one to your school email • Follow the link in your email to sign in • Click the topic you wish to study and begin <p>Instructions for pupils new to Seneca:</p> <ul style="list-style-type: none"> • Search for senecalearning.com and click sign up • Fill in your details • Click the "add courses" and select the course(s) appropriate to you • Year 10 pupils should select 3 courses, "AQA combined biology, chemistry and physics" unless you are in 10S1 in which case you should select "AQA GCSE biology, chemistry and physics". Remember to select whether you are a foundation or higher tier student.
French	<p>Please use the website Memrise to help learn the vocabulary for modules 1-6 of the GCSE course for the reading and listening exams.</p> <p>For the writing, please learn key structures such as opinions and reasons, and key tenses – present, perfect and future. In addition, for higher tier, please also revise some basic imperfect and conditional phrases.</p>
Geography	<p>Please revise using the revision guides provided and the work booklet for the Paper 1 units of Natural hazards, Living World and Physical landscapes. Also, Knowledge Organisers will be posted on MS Teams for you.</p>

Huntcliff School
Striving for Excellence

History

Please continue to complete your weekly homework on MS Teams and use your new revision guides to cover Superpower Relations and Cold War and Anglo-Saxon and Norman England. Knowledge Organisers will be posted on MS Teams for you.
